#MétalAMS

About

Metal AMS is the first French Scientific Symposium 100% dedicated to the Metal Additive Manufacturing technologies. Organised by the French Metal AM community in collaboration with major R&D players from around the world, it addresses every step of the AM value chain. The Symposium presents on European areas of expertise including: design, materials, simulation, direct and sintered-base processes, monitoring and control/qualification challenges.

For 2024, we are pleased to welcome southern European guest countries : Italy, Spain and Portugal and exceptional presentations from Australia and Singapore.

Themes

The selected topics concern the various aspects of additive manufacturing with a special focus on sustainability and environment impacts:

- Design methodologies
 - Material development and optimization
 - Direct simulation
 - Sintered-base simulation
 - Processes development and optimization
 - Process monitoring and control
 - Big data for AM
 - Post processing and material control
 - Durability and qualification
-

Organisation

An exhibition will be held during the conference and will be situated close to the conference rooms. Coffee breaks and lunches will be served at the venue and all breaks of conferences. An opportunity will be given to each exhibitor to present their products and services. Your involvement with this event is an effective way to network with key decision-makers, helping you to capture your target audience when they are in the frame of mind to do business.

Our flexible opportunities allow you to:

- Showcase new products
 - Raise awareness of your organisation
 - Increase brand awareness
 - Influence other organisations' buying decisions
-

Organising Committee

Ferdinando AURICCHIO, University of Pavia / **Jean-Jacques BLANDIN**, Initiative 3D, Grenoble INP - Univ. Grenoble Alpes, CNRS / **Carmen CEPEDA JIMÉNEZ**, CENIM-CSIC / **Eric CHARKALUK**, GIS HEAD, CNRS, Ecole polytechnique / **Eric HUG**, GDR ALMA, CNRS, UNICAEN / **Nicolas SAINTIER**, Addimalliance, GIS HEAD CNRS / **Benoît VERQUIN**, Cetim

Exhibitor Booth

Pre-Equipped Booth

All exhibitors have the same pre-equipped booth, which can be completed with different options.

Description:

- 4 sq.m module (2m x2m)
- Openings : 1 face or 2
- 1 line of 3 spotlights
- 1 counter
- 2 high stools
- 1 leaflet rack
- 1 paper bin
- Signage (company name, not logo)
- Electric power 250 W
- WIFI

Free conference access:

- 2 nominatives badges included

Communication Items:

- Your logo on www.metal-ams.com

Additional Options

Description:

- Company logo on signage
- Sticker on counter
- Printing on booth partition PVC L 1mx H 2,20m
- Printing on booth partition Jet Tex with wooden frame L 2mx H 2,20m
- Arc spot on booth partition
- Podium tall H 1m diameter 23,6in (60cm)
- Podium large H 0,8m diameter 29,5in (75cm)
- Screen Samsung LED 32" on foot
- Screen Samsung LED 32" on wall
- Electric power 250W in more

Communication Items:

- Your logo with link to your website on www.metal-ams.com
- [LinkedIn post](#) with your company tag

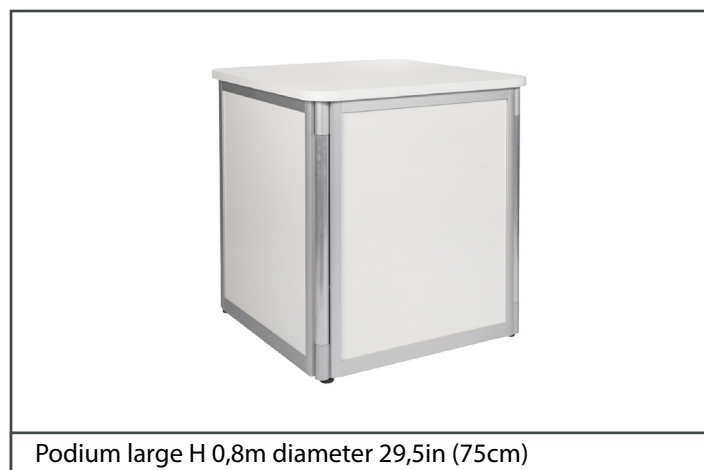

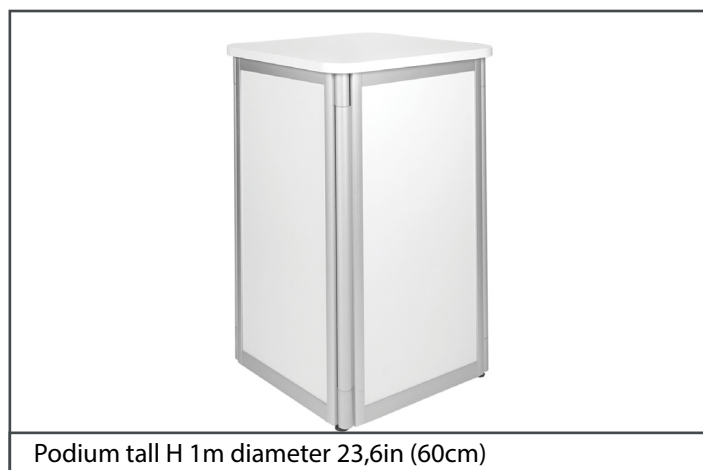

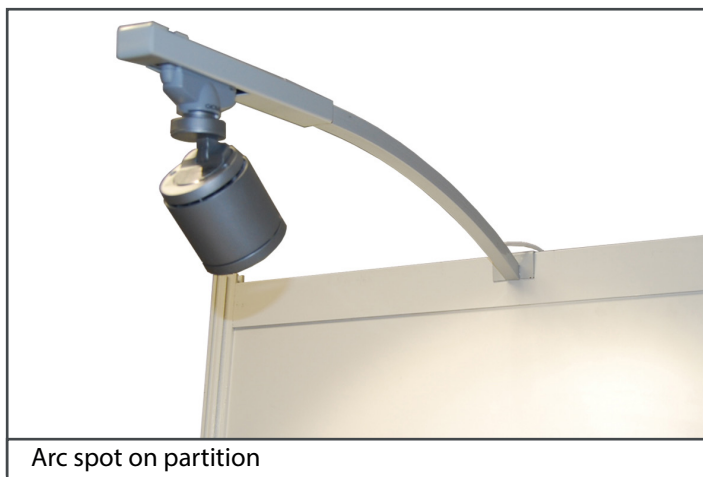

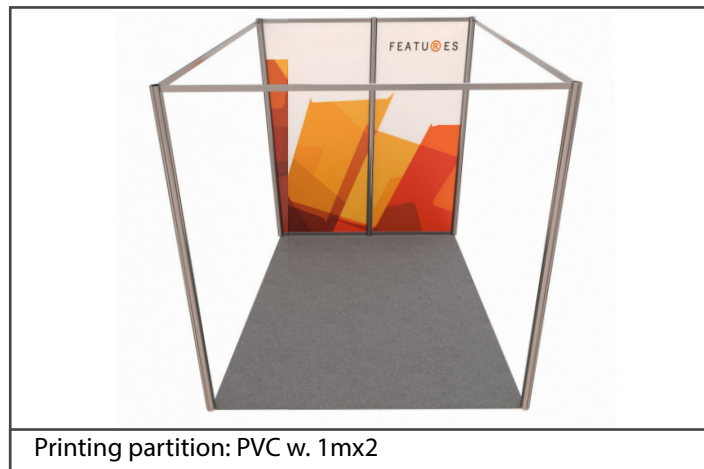

The Cetim exhibition area has the capacity to accommodate a maximum of 13 booths. The number of places is limited so we advise you to book your booth as soon as possible.
